Net proceeds to benefit the FSU Autism Institute Foundation fund used to support training, research, and services in our community.

We are going to the Touch-A-Truck event to see lots of cool vehicles.

There will be all kinds of vehicles in the parking lot that we get to hear and see, and **SOME** that we can touch or get inside, but not all of them!

There will be big vehicles, like bucket trucks.

There will be small vehicles, like motorcycles.

There will be vehicles that community helpers drive during emergencies. They will have loud sirens and bright lights.

If it gets too noisy, bright, or busy outside, I can take a break inside the FSU Autism Institute building to relax.

There will also be some activities I can do.

There will be face painting!

I can bring this story with me to help me remember what to expect. We are going to have a fun time!
